

Pelorus Area Health Trust

Havelock Medical Centre

is taking new enrolments. If you are new to the area or have no doctor, you can now enrol at Havelock Medical Centre.

There is now a registrar coming to the Havelock Medical Centre every second Thursday. Carla is now taking appointments on those days; which means with 2 doctors available there are 36 appointment slots open every second Thursday.

The Havelock Medical Centre is operating the patient portal. You can now go online to check your prescriptions, see test results and make doctor's appointments. Enrol with this system through the Havelock Medical centre. Ask Yvonne for a form next time you are in.

Havelock Police receive 2 new defibrilators

PAHT and the Havelock Lions together have donated 2 new defibs to the Havelock Police. They will keep them in their cars to be used when they are first responders.

Senior Constable Nigel Young and Constable Spencer Kingi receive the defibs from PAHT Trustees Noeline Bryant and Val Seatter along with Lions Club President Deb Healy, Secretary Ian Cameron and Project co-coordinator Dave Farrant.
